

10:45 to 11:45 a.m. — Tuesday, March 30, 2010

***Driver qualifications: Who are you putting in the driver seat?***

Attendees will be able to identify databases that are available for investigating a driver's background and explain methods for adequately investigating a driver's background; define interview techniques to help determine a driver's safety fitness and attitude; identify the Federal Motor Carrier Safety Administration's driver qualifications; and list methods to check a driver's safety background and record.

Presented by Jim Forsyth, consultant, Crossroads Safety Management
